HOW TO WIN MORE BASEBALL GAMES

GET MORE RUNNERS ON BASE

START

Always start at the swing. Professional scouts time every swing. Don't wait for contact.

CUM SPLIT OR LAP SPLIT

Runner may go to second or third, so split, don't stop.

STOP*

Stop when runner reaches second or third.

In practice, and in games, time batters to first. Have contests and post rankings. Develop the attitude and habit to get there fast.

GET MORE STOLEN BASES

Time the steal

START

Always start the runner's time with the pitcher starting for home, not when the runner starts.

STOP

Stop at the bag.

In practice, and in games, develop good pitching motion and throws to second, and base running.

Your goal is to develop the best offensive skills and defensive skills you can, and hope that you are better prepared than your opponent.

* See **1–2 Fast Split Operation**

Time the throw

START

Start when the pitcher goes for home.

CUM SPLIT OR LAP SPLIT

Split at the pop to see how long the catcher takes to complete the tag throw.

STOP*

Stop at the tag. This keeps the catcher focused on the correct tag spot. It takes time to tag from a high throw.
